DETAILED ACTION

This application is in condition for allowance except for the following formal matters:

The drawings are missing.

The subject matter of this application admits of illustration by a drawing to facilitate understanding of the invention. Applicant is required to furnish a drawing under 37 CFR 1.81.

No new matter may be introduced in the required drawing.

Claims 3 and 5 are objected to for the following reasons:

In claim 3, line 4, the recitation of "the head" lacks proper antecedent basis; and

In claim 5, lines 3 and 4, the recitation of "the wall" also lacks proper antecedent basis.

Claims 1-6 appear to distinguish over the prior art of record and thus would be allowed if the above objections were overcome in the next response to this Office action.

The following is an examiner's statement for indicating allowable subject matter:

The primary reason for allowance of the claims is the inclusion of a skirt on the lid that serves to perform the three defined functions: guiding of a paper roll when the lid is in the open position for positioning the paper roll, sealing the chasis when the lid is in the closed position, and cushioning the lid when the lid is being closed. No prior art has been found to teach such a skirt as claimed.

Prosecution on the merits is closed in accordance with the practice under *Ex parte Quayle*, 1935 C.D. 11, 453 O.G. 213.

A shortened statutory period for reply to this action is set to expire **TWO MONTHS** from the mailing date of this letter.
